

## Features

- It has the automatic motion detection features and can record for long durations in the bundled High Capacity Hard Disk Drive and hence doesn't necessarily require CF Card. The other MP4 product doesn't have this kind of function.
- It has built-in wireless receiving and recording ability.
- It is primarily being used by police, law enforcement agencies, etc.
- It comes with a 2.4 GHz wireless button camera. (Since 2.4 GHz is a free frequency, so it doesn't require taking and license from the Govt.)
- Its memory can be enhanced by inserting an optional 4 GB SD Card.
- Specially designed for evidence collection.
- Real-time recording with date and time stamping.
- Smallest button shape camera for hidden AV recording.
- Great for investigation or surveillance.
- No extra power needed for the camera.
- Play and record all kinds of MP4 movies.
- Play and record MP3 songs.
- Built-in High Capacity Hard Disk Drive.
- Plug and play, No installation required.
- Extra matching buttons are included for the whole shirt.
- Batteries included.
- Built-in microphone in button camera for audio recording.
- Wide Screen LCD display with On / Off switch.
- It can be connected to a PC through USB port for downloading footage for further editing or email purpose.
- Open transmission distance is 100 m in ideal conditions.
- The DVR supports: manual, motion detection and scheduled recording mode with independent video size, quality and frame rate set up.
